

Model MBB

Celtron

Miniature Bending Beam

FEATURES

- Capacities: 50, 100, 150, and 250 lbs
- · Low profile for low-capacity scales
- Electroless nickel-plated alloy tool steel
- Optional

• FM approval available

APPLICATIONS

- Silo/hopper/tank weighing
- Packaging machines
- Dosing/filling
- Belt scales/conveyor scales

DESCRIPTION

MBB is designed for low profile platform scales and tank scales in low capacities. It is constructed of high alloy tool steel which offers superior performance in creep characteristics and shock load capabilities over standard aluminum units.

MBB is fully potted and sealed with special chemical compounds to IP66 providing excellent protection against moisture and humidity.
